

WS-650-23NPP

Modular Spin Processor

Supported Processes*

- ✓ Coating
- ✓ Etching
- ✓ Cleaning
- ✓ Developing
- ✓ Rinsing/Drying

Available.

Standard systems typically ship the next business day.

Modular.

Systems can be configured in hours, not weeks.

Re-configure or repair a system **in the field** with modular kits.

Supported.

All systems come with complimentary lifetime process support.

Compact. Universal. Expandable. Affordable.

Today's technology industries demand development tools that are as customizable as they are precise.

Process requirements change. The ideal spin processor should be able to change with them.

Total Control.

650 Controller Simple to program and operate but very powerful.

Spin 3000 PC interface software, included **FREE** with every 650 system. Sophisticated, intuitive — it can even memorize your process!

Automatic Options.

- Universal Dispenser (UD-1) from
 - Syringe
